ABSTRACT

This publication contains information taken from the 1985 Annual Report/System Membership Applications submitted by public libraries in Texas. The statistics reflect each library's last local fiscal year or status at the end of that year, except in the case of staffing and schedule information, which is as current as possible. The report is divided into the following sections: (1) general information, including the Texas State Library administrative directory, a map showing the Texas library systems, and listings of members of the Texas State Library governing or advisory committees, directors of major resource centers and system coordinators, interlibrary loan centers, regional historical resource depositories, and official state depository libraries for Texas state documents; (2) a directory of public libraries; (3) library statistics grouped by library; (4) library statistics summarized by member libraries, non-member libraries, and total libraries for the state and for each library system; and (5) selected statistics organized by county. An index listing names of head librarians and branch librarians and the names of libraries and branches that do not begin with the name of the city in which they are located is appended. (KM)

Information presented in this volume was taken from the 1985 Annual Report/System Membership Applications submitted by public libraries in Texas.

This publication is divided into five sections: Section I contains general information; Section II contains a directory of public libraries; Section III contains library statistics grouped by library; Section IV contains library statistics summarized by member libraries, non-member libraries, and total libraries for the state and for each library system; and Section V contains selected statistics organized by county. Appendix A, which follows Section V, is an index listing names of head librarians and branch librarians, and the names of libraries and branches which do not begin with the name of the city in which they are located.

The statistics reflect each library's last local fiscal year or each library's status at the end of that year, except in the case of staffing and schedule information, which is as current as possible. The membership year noted in the directory is State Fiscal Year 1986 (September 1, 1985 - August 31, 1986). The source of population statistics is Current Population Reports, Series P-26, No. 82-43-SC, Local Population Estimates, U.S. Department of Commerce, Bureau of the Census, September 1985.

We would like to express our gratitude to all the public librarians for their cooperation and efforts in completing the Annual Report/System Membership Application forms, as well as to the ten system coordinators for Their part in the gathering of both statistical and directory information. Also contributing their time and efforts were TSL staff members Mae Murray, Elsie Selfridge, and Beth Garton - data entry, and Nita Haliburton - layout, paste-up, and graphics.

Questions concerning this publication and suggestions regarding future editions should be directed to Mitchell Gidseg, Statistician, Library Development Division, Texas State Library, Box 12927/Capitol Station, Austin, Texas 78711, (512) 463-6622.
